

Quick Updates

Congratulations to all those who have passed the PRINCE2 Foundation and Practitioner exams this year! Great work, especially as you took the new Practitioner exams.

These are exciting times for project management, with a surge of interest in PRINCE2 in Australia, especially Queensland. We are working on new opportunities in India and France.

New Trainers

- **Sue Mihovilovich** joined us in January and is training in PRINCE2 and assisting with consultancy assignments. Sue is experienced in Government roles and PRINCE training,
- **Sarah Ross** joins us from Paris where she has a part-time role at ESC Lille University as well as completing a PhD and working with Yellowhouse in Europe and Australia.
- **Jo Harper** is an experienced PRINCE2 trainer who also works with us in our Sydney and Brisbane courses.

Project in a Box

This tool uses the PRINCE2 Processes and Templates to help control projects.

[Making Project in a Box work:](#)

Download and follow the instructions. It's free. If you need assistance, we can help you get going and customise the tool.

NEW: Now there is a Professional Edition for multi-user and corporate use.

P2 World

This is a fascinating product-based planning tool that takes you from Post-It notes to a MS Word project plan and a Project Schedule – all from the one tool.

Download the files and trial it for 30 days before deciding whether to purchase the product. We can teach you how to use it.

PMP/CAPM® Training

We now offer training courses to help you achieve the other valuable project management certification, Project Management Professional (PMP), offered by the Project Management Institute (PMI). The PMP exam is based on the PMBoK® - the Project Management Body of Knowledge, which complements PRINCE2. Passing the PMP exam also qualifies you to use PMP after your name.

We also run Certified Associate Project Management (CAPM) training courses for team members and new Project Managers.

Yellowhouse will be running PMP public courses both in Sydney and Brisbane. Check out the PMI in [Links & Downloads](#). Closed courses can be run anywhere in the world. [More Details](#)
